Dear Ms. Therrien,

Thank you for your application for provincial food handler training program equivalency. The Ministry of Health has reviewed your submission and we are pleased to inform you that your online food handler training program for Canadian Food Safety Training Inc. has been recognized as equivalent. Certifications awarded through your online program will be accepted by all boards of health within Ontario.

Please note that if substantial modifications are made to the program, a re-assessment will be required. Should you have any questions or concerns, please contact environmentalhealth@ontario.ca.

Thank you for your support in promoting access to standardized food handler training and certification in Ontario.

Sincerely,

Melissa Helferty
